

## **The Upholsterer's Indiscretion**

So this is Love.

A dream, sometimes, warms up.  
Potent and controversial.

This Labor is motivated  
in the still of the night,  
where there is no Court of Appeal,  
and few experience what you really are.

(And even fewer want to.)

The remaining elements:

1. Chivalry
2. Titanium.
3. Wood.
4. Small singing birds and belly laughs  
actively encourage able craftsmen.

(Mercury Mouth!)

(Ivory Blood!)

King's Choir with 40-Voice-Motet  
gets higher in the Lowlands,  
where the Poets sing of woman  
being rushed into cushions.
